

Proxy Login Guide

1) Open Google Chrome

- 2) Go to any website you may need to go to. For example, we are going to go to <https://www.gmail.com>. When you try to visit a website, it will prompt for a proxy login. For username, use "warrensburg6\your username" For password, it will be your password that you use to sign into the computer. Once you have done that, click Sign In:

Sign in

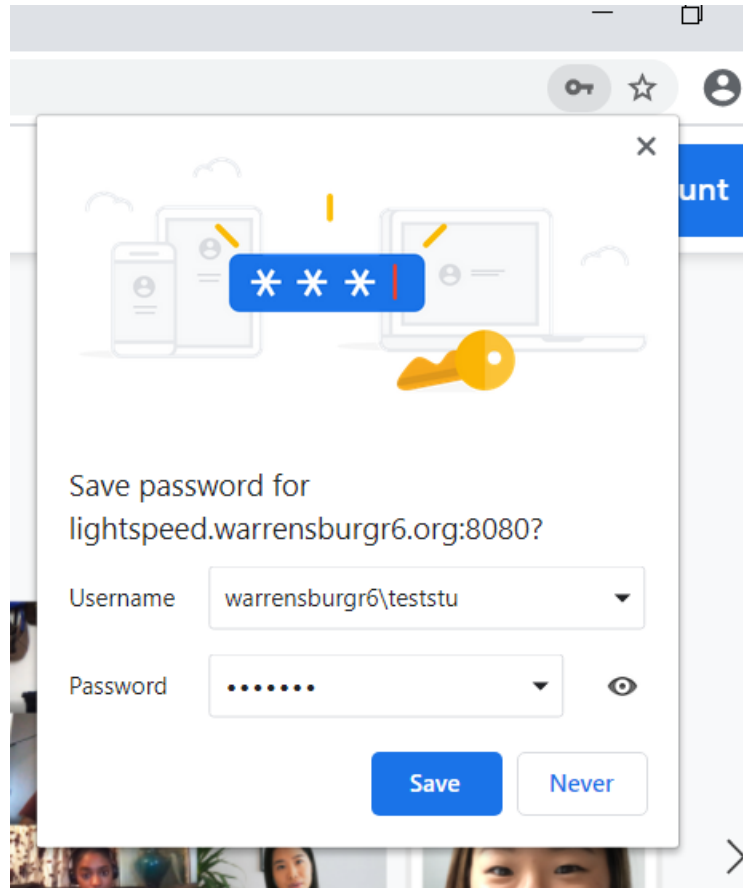

The proxy <http://lightspeed.warrensburgr6.org:8080> requires a username and password.

Your connection to this site is not private

Username

Password

- 3) Once you sign in, please save your credentials. This will help you whenever it prompts for you to log into the proxy so you don't have to keep typing in your credentials each time.

- 4) Note: Once you close the browser and re-open it, it will prompt again. This is only a temporary fix as we are currently working on a permanent fix at this time. If you have any questions, please contact your attending school for assistance.
